District 7 -- 100 South Main Street
Los Angeles, California 90012

INFORMATIONAL NOTICE

**SAN GABRIEL RIVER FREEWAY
STATE ROUTE 605 (SR 605)
SOUND WALL CONSTRUCTION
(PICO RIVERA)**

The California Department of Transportation (Caltrans) announces soundwall construction on southbound SR 605, from just north of Beverly Boulevard to just south of Rose Hills Road, in the city of Pico Rivera, commences March 14, 2005, and is expected to complete December 2005.

Residents may experience nighttime noise and vibration from construction for the next few months. Many soundwall construction activities will require, grinding, pile driving and demolition. The construction schedule will vary depending on actual work in progress. Most of the work will be done at night, as the heavy weekday traffic volume will not allow daytime freeway closures. Typically night work occurs between 9 p.m. and 6 a.m. The estimated daytime schedule is 6:30 a.m. to 3 p.m. Some daytime work will occur on Saturdays.

Residents are reminded to please secure their pets during construction, as the escalated activities may lure some animals to encroach on to the construction site.

This \$4.9 million project will result in reduction of freeway noise by an average of five decibels. The height of the walls will be between 10 to 14 feet.

Caltrans will ensure customer access to businesses in the construction area.

Motorists are advised to expect traffic delays. Periodic ramp closures are expected. Detour signs will be posted as needed.
